They stimulate the functions of the body into vigorous activity, purify the system from the obstructal its natural functions. These, if not relieved, react upon themselves and the surrounding organs, roducing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant foeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distumpors. The same purgality effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure. the disorders they cure.

BLOOD PURIFIER AND BLOOD PILLS.

DR. ROBACK'S SCANDINAVIAN REMEDIES. When Dr. Roback, the renowned Swedish Phy-When Dr. Roback, the renowned Swedish Physician, introduced his Blood Purifier and Pills into the United States, he set forth in plain terms their curative properties. This was years ago. The task of recommending them has since been taken out of his hands. Enlightened men, whose character for sound judgment and pillosophy gives their opinious weight in the community, men who observe, reflect and make "assurance doubly sure," before they deside a second of the property of th eide, are everywhere approving and urging the use of these wonderful preparations. All who confide in the wisdom and honesty of this class, or who choose to investigate for themselves, are now of one

mind on this important subject.

The evidence in the possession of Dr. Roback which is at all times accessible to the public, establishes the following: That the BLOOD PURIFIER and BLOOD PILLS

have been proved by analysis to CONTAIN NO MINERAL That they cure the almost universal complaint, DYSPEPSIA. DYSPETSIA,

That after all other medicines have proved useless
they relieve tryen complaint,
and restore the health and strength of the sufferer.

That SICK FEMALES, who have languished for years in helpless weakness and despondency, recuperate with almost mira-culous rapidity under their invigerating operation. That all Sexual Disabilities are removed by their cordial and gently stimulating properties. That they cornit SHATTERED CONSTITUTIONS. however, they may have been trifled with and abused. That their direct tendency is to lengthen life, and render it enjoyable. That operating di-rectly upon the poison of disease in the blood, they CAUSE SOON TO HEAL, and discharge from the system every taint of Scrof-

Bear in mind that the Scandinavian Blood Pills are endorsed by the experience of thousands of living who, letter, affidavit, medical works and word of mouth proclaim them to be the very best prepartion ever offered to the broken down victims of illhealth. It haunts disease through every avenue and organ of the system, and expels it thoroughly and permanently.

No one can doubt their superiority after one single

DR. M.MILLEN,

CHEMICOPATHIC PHYSICIAN.

Are new and different from any one in the United States, and I challenge any one to produce the same success that I have not with in treating Chronic Diseases. My theory is based upon the chemical operations of the body, believing diseases to depend upon a disproportioned condition of the fluids of the body, whereby the solids be come unhealthy by analysing the secretions, blood, &c., of the body, and finding out what is deficient or in excess and supplying to the system what is wanting. I am enabled to cure often by a small amount of medicines, where the patient has been drugged with medicines,

Now Dyspepsia, in the great majority of cases, de-dends mainly upon a disproportioned state of the gastric or digestive fluids of the stemach. When gastric or digestive fluids of the stemach. When this gastic fluid is proportioned properly, the food is thorougly digested and assimilated. Viewing Dyspepsia by the rules of Chemicopathology, and giving treatment accordingly, I am enabled to cure 49 cases out of 50, and 49 cases out 50 of Consumpation, Asthma, Bronelitis and Laryngitis, and Liver Comdiaint, Piles, Neuralgia, Dizziness or Sick Headache, Nervous Debility and Female Diseases—in every case a cure, and other diseases proportionately.
